Value Accelerator: Financial Modeling and Analysis for Rapid Results

Value Accelerator helps you:

- Forecast potential valuation
- Manage multiple scenarios and assumptions
- Expedite liquidity events and capital planning
- Create dashboards that drive accountability
- Maximize shareholder value
- Link performance and value to compensation

For companies facing transition or crisis, time is a precious commodity. Leaders must quickly assess performance and valuation while identifying potential gaps and opportunities for improvement. They need financial models to identify and execute initiatives with the velocity demanded in today's business climate.

Draft Your Plan for Success

Value Accelerator helps Tatum quickly and thoroughly identify issues and opportunities. With its integrated models, templates, metrics and benchmarking applications, Value Accelerator facilitates the modeling of past, current and future performance and the impact on shareholder value.

Value Accelerator offers a sophisticated approach to modeling:

- Customer performance
- Growth trends
- Margins
- Cash flow
- Costs
- ROI
- Company valuation

Flexibility and Accountability

Value Accelerator's flexibility enables Tatum's professionals to assess your organization's performance, link metrics, track progress and uncover potential opportunities.

Once you understand the true drivers of financial results you can redirect priorities to focus leadership and employees on the right activities to enhance shareholder value.

Driving Value

Tatum has worked with thousands of companies to enhance their value. Value Accelerator helps you reach a new level of understanding of your business situation in order to translate your goals into executable initiatives that will truly drive value.
